Village Originals is about:
• INNOVATION
• FINDING THE “NEXT BIG THING”
• CREATING NEW MUSICALS

Have you ever wondered how new musicals are created? Want a behind-the-scenes look at the development of a musical? Want to be the first to see the “next big thing”? Then Village Originals is for you!

Through our Village Originals program of residencies, readings, workshops, and full productions, Village Theatre has one of the most comprehensive new musical programs in the nation. No other regional theatre is as dedicated to finding and developing the next great American musical.

Developing new musicals takes time and financial support. Through Village Originals, we involve our audience every step of the way as we take shows from concepts to rough drafts to workshops to world premieres—but only our Village Originals Members are there from the beginning.

Based on their membership level, Village Originals Members are invited to presentations and asked to provide feedback and response in collaboration with the artistic department. This is truly an exclusive, inside look into the process of musical development that only our Members receive.
A Village Originals Membership is a unique opportunity to experience the creation of new musicals throughout the developmental process. Take a look at the additional benefits that come with different membership levels below.
